Verse 1:

Stop the truck, hand my keys to the valet
that the moment that i see her and she's leaving
I said excuse me how can i convince you to stay
then my phone goes to ringing and ringing and
No I dont wanna but I gotta answer this call
could you wait it really wont be long
and a kid came, told me he was my biggest fan
cameras flash i turn around and she's already gone

Hook

How'd I get distracted, I don't know what happened,
I turned back around and I was just one step to land
Oh you got away, you flew away

Chorus:

I lost my Angel in L.A, L.A
has anybody seen her
Im out here checkin for my Angel in L.A, L.A
Im Posting pictures of her
She got me driving down the back streets
I thought I saw her walking right past me
I thought you didnt answer to your name
Where's my angel where'd you go where'd you go

Verse 2:

Just my luck she might as well be out of space
Dont have a clue of where she's headed I
Asked the waitress, I ran and asked the door man
Im losing patience cuz everybody's answers ECHO
Maybe I should just let it go
Dont wanna look like Im stalking her
And then i saw some said she saw her again on the bus
she could be anywhere she could be anywhere

Hook

How'd I get distracted, I don't know what happened,
I turned back around and I was just one step to land
Oh you got away, you flew away

Chorus:

I lost my Angel in L.A,L.A
has anybody seen her
Im out here checkin for my Angel in L.A,L.A
