Let's take a ride, Let's take a ride

Let's take a trip
You and me nobody else
Pack for a long ride
Let's leave the world behind
We won't need it
We can do it our way
Girl I'll be okay with you
We goin' take this flight
From here to love
And if things get crazy
We get lost
Might get a little rough
But just hold on
We gonna make it there
Hold on

We're goin' nonstop
Til it land in love
And babe no one here is stopping us
But girl I need you here by my side
Without my co-pilot
I can't fly
X2

So we wanna go
All things are possible
Cause we're in control
Like everyone out
Like they're not around
Forget all you're past
Girl you're with me now
And we're on this journey to ecstasy
Incredible moments for you and me
A dream turned to reality
Cause what this would be oh yea

We're goin' nonstop
Til it land in love
And babe no one here is stopping us
But girl I need you here by my side

Without my co-pilot
I can't fly
X2

We got so many places to go
Babe tell me that you wanna go
On the way we can get sensual
Anything that you want we can do

We got so many places to go (Imma love you right)
Babe tell me that you wanna go (Kiss you every night,
We gonn make it bigger)
On the way we can get sensual (Make you lead the way)
Anything that you want we can do

We're goin' nonstop
Til it land in love
And babe no one here is stopping us
But girl I need you here by my side
Without my co-pilot
I can't fly
X2
