#### Verse 1:

The only water around here is coming out of your eyes  
Girl its no wonder why the flowers I be bringing keep  
dying  
Im trying hard to keep this running but im thirsty  
Im gonna have to leave you baby but it hurts me  
Im loosing everything I had that used to be right here

#### Hook:

If I knew where my heart was I would leave it there  
I would let the dust pile up  
Cause how im feeling right now  
I think where ever it is, Its better off

#### Chrous:

My heart is lost and lost and I found out its better there  
Cause baby we just let it go to waste  
Why won't you leave it there and let it stay  
My heart is lost and done from the mess that me and  
you had left  
My heart is lost and lost and girl its better off lost  
and it better like that

#### Verse 2:

The only love around here is the kind you can't find  
Can't find the talk and, all the sex and all the reasons  
why  
I found my mind in trash and my soul in the gutter  
I found the words but I can't even put the together

#### Hook:

If I knew where my heart was I would leave it there  
I would let the dust pile up  
Cause how im feeling right now  
I think where ever it is, Its better off

#### Chrous:

My heart is lost and lost and I found out its better there  
Cause baby we just let it go to waste  
Why won't you leave it there and left it stay  
My heart is lost and done from the mess that me and

My heart is lost and lost and girl its better off lost  
and it better like that.

Bridge:

Where for art thou heart, how did you escape  
Where has thou flown to, why didnt you take me with  
you  
Where for art thou heart, how did you escape  
Where has thou flown to, why didnt you take me with  
you

Chrous:

My heart is lost and lost and I found out its better there  
Cause baby we just let it go to waste  
Why won't you leave it there and let it stay  
My heart is lost and done from the mess that me and  
you had left  
My heart is lost and lost and girl its better off lost
