I'll take the sun and have it placed on the band of a ring  
And put it on your left hand  
Walk around with you, proud to tell the world I'm your  
man  
Shout it from every mountain, if you say I can

Girl, what you want?  
If I got anything to say about it  
That's what you get  
Girl, what you need?  
Don't ever hesitate to tell me so  
Baby girl, you're supposed to know  
That nothing is ever too much  
You want the world,  
But to me, it's not even enough  
I would give you the heavens in exchange for your love  
Baby, just know that nothing is ever too much for you  
girl  
Nothing is ever too much for you, girl

Tell me you want the stars to light up the sky  
Make the call  
Girl, it's no problem at all  
Make them change colors, then whenever you like  
Make them fall  
No one is ever too tall

Girl, what you want?  
If I got anything to say about it  
That's what you get  
Girl, what you need?  
Don't ever hesitate to tell me so  
Baby girl, you're supposed to know  
That nothing is ever too much  
You want the world,  
But to me it's not even enough  
I would give you the heavens in exchange for your love  
Baby just know that nothing is ever too much for you  
girl

Make a command  
Girl, clap your hands

And you will see that I'm for real  
Tell me your dreams  
Leave it to me  
Girl, what you want, you will receive
