Yeah, my eyes are red, my dad ain't rich, my mom,
well she's a first class bitch, I got a shitty job, I live in
fear, just wanna play my guitar and drink some beer, I
just wanna drink some beer, I just wanna drink some
beer, well booze is cool but pot's a crime whos bright
idea was that and I just wanna write songs that's weird,
snap the bong, drink some beer, I just wanna drink
some beer, I just wanna drink some beer, come to the
Chase Club, to the point now blow me while I roll a joint,
front to back, in your ear, you can kiss my ass while I
drink some beer, I just wanna drink some beer, I just
wanna drink some beer, I just wanna drink some beer, I
just wanna drink some beer, I just wanna drink some
beer!
