I don't know if there is anything that needs to be told
I don't know if I'm going to say it
my private stories are no more and no less
than anybody's stories
to experience is to sample the world in your own
existence
come into the things make them real in you
realising the only truth
but sometimes I don't know
I don't know
I don't know it
I don't know what you are but I must always be around
you know I'm going to sing it
what's love if you don't show it? You don't show it?
today everybody seem to know so much
we should be together without anything to expect
but if you don't come I feel so unsure
and sometimes I don't know
I don't know
I don't know it
one day you'll experience it
I imagine myself trying to understand
I don't know
I don't know
I don't know it
