"No regrets" you said  
the last time we met  
but I shudder at your leavin'  
we were together for so long  
and I was never tired  
now here you go again  
I listen to the silence at the floor  
who are you to keep me so deep down?  
what am I looking for?  
my stoned baby  
the very thing  
today I've never expected  
you know I know  
you are always good  
for a surprise  
How could I see what was in your eyes  
when I cast down my looks to the ground  
and I open my eyes only when the magpies  
chatter in the morning  
if you would say  
please come tomorrow again  
I know I would, I would  
you know, you know you are always good  
for a surprise  
my stoned baby  
the very thing  
today I've never expected  
you know I know  
you are always good  
for a surprise  
for a season we sailed  
we touched the ground  
now the restlessness in me  
never seems to stop  
and though I know  
you are the very same  
with whom I bust out laughing  
you know I know  
you are always good for a surprise  
surprise surprise surprise surprise  
my stoned baby and me
