In my eyes stagnation surrounds
Blood that life beaten and bound
An act of mercy, a scene of pain
There is no difference, it's all in your name

This act of God

Lights of fate brighten my eyes
Fires of hate scourge through the sky
Lost in your darkness, burned by your flame
Forced to believe it's all in your name

This act of God

Honesty's heresy in this holy war
Contradiction and affliction
Hardening my heart, my heart
My heart, my heart

Life conflicts with open decay
Death restricts enlightenment
Love is paradise, hate is insane
There is no difference, it's all in your name

This act of God

Honesty's heresy in this holy war
Contradiction and affliction
Hardening my heart, my heart
My heart, my heart

This act of God

Hardening my heart

Contradiction and affliction

Hardening my heart, my heart
My heart, my heart
