I watch you tap the blood in my vein  
My heart you feed on to keep you sustained  
A parasite that leaves me cold and drained

I'm in shock and you leave me paralyzed  
And the saddest part I realize  
The absence of truth behind your eyes

I feel you tapping my soul from my vein  
I feel you tapping again on my vein  
I feel my life slipping away

One more drop of blood I spill  
One more drop you take  
One more drop and I will spite  
And bite the hand that bleeds

I see you have two faces turning  
Change your face to keep me guessing  
You have mastered the art of deceiving  
(Deceiving, deceiving, deceiving)

Now, I know, no one trusts you  
Now, I know, not even you do  
And I think your salt in my wounds

Now, I know, no one trusts you  
Now, I know, no one trusts you  
Now, I know, your salt in my wounds

One more drop of blood I spill  
One more drop you take  
One more drop and I will spite  
And bite the hand that bleeds

Bite the hand that bleeds you  
Bite the hand that bleeds you  
Bite the hand that bleeds you  
Bite the hand that bleeds you

One more drop of blood I spill  
One more drop you take

One more drop and I will spite  
And bite the hand that bleeds

Bite the hand that bleeds you  
Bite the hand that bleeds you  
Bite the hand that bleeds you  
Bite the hand that bleeds you  
You, you
