When my body feels tired
And my soul is weak
Then my eyes won't see
And my hands won't feel a thing

When I don't get inspired
By something you tell me at night
Just an empty soul
I don't have control of myself
Just an empty soul
I don't have control of myself

Chorus
I wanna know - Can you fix this ?
Help me to cope - Can you fix this ?
Feel the void that's left inside of me
Repair the lost of love dividing me

I wanna know - Can you fix this ?

Help me to cope - Can you fix this ?
Feel the void that's left inside of me
Repair the lost of love dividing me

Try to give me devotion
'Cause my heart can't breathe
And my tears will fall
And my eyes will try to see

I can't show my emotions
Help me out of this pain
'Cause I'm paralyzed and it's driving me insane.
'Cause I'm paralyzed and it's driving me insane.

Chorus
