Caught beneath visions of hatred
Drowning fast in sounds of silence
Caught between divisions of hate
Can't breathe under this weight of existence

Too strong
Too strong for you
Too strong
Too strong for you

Caught beneath visions of hatred
Drowning fast in sounds of silence
Caught between divisions of hate
Can't breathe under this weight of existence

Too strong
Too strong for you
Too strong
Too strong for you

Drowning
Drowning
Drowning
Drowning

Drowning
Drowning
Drowning
Drowning

Caught beneath visions of hatred
Drowning fast in sounds of silence
Caught between divisions of hate
Can't breathe under this weight of existence

Too strong
Too strong for you
Too strong
Too strong for you
