Falling through the sky and I have lost all track of time
Every image of my life flashes before my eyes
Knowing the precise time of my own demise
My said prayers of circumstance have recently expired

I pray in spite
My soul, my life

Straining every muscle for my contact with fate
I could never dream my life would end this way
Cross my heart and hope to die, fade to the black
Brace myself the time is now the moment of impact

I pray in spite
My soul, my life

My cries won't hide
I pray in spite
My fears of impending
Doom that I'm about to die
Brace for the shock, the trauma
Brace myself for the impact
Brace for the shock, the trauma
Brace myself for the impact

I can hardly breathe
I can hardly breathe
'Cause I am choking
On this deadly scream

Brace for the shock, the trauma
Brace myself for the impact
Brace for the shock, the trauma
Brace myself for the impact

Brace for the shock, the trauma
Brace myself for the impact
Brace for the shock, the trauma
Brace myself for the impact

Brace for the shock, the trauma
Brace myself for the impact

Brace for the shock, the trauma
Brace myself for the impact
