I realize my world of demise
And the poisonous sky, that's stinging my eyes
I clench my fist, I spill my blood
I clench my fist 'cause I am the tool

I realize my world of demise
And the poisonous sky, that's stinging my eyes
I clench my fist, I spill my blood
I clench my fist 'cause I am the tool

I'm burning with contempt
That's bringing me down
I'm burning with contempt
That's bringing me down

I'm burning with contempt
That's bringing me down
I'm burning with contempt
That's bringing me down

As of now, I am a tool
Of severe impact
Hammer down, cause and effect
And create a new world

I realize my world of demise
And the poisonous sky, that's stinging my eyes
I clench my fist, I spill my blood
I clench my fist 'cause I am the tool

I'm burning with contempt
That's bringing me down
I'm burning with contempt
That's bringing me down

I'm burning with contempt
That's bringing me down
I'm burning with contempt
That's bringing me down

As of now, I am a tool
Of severe impact

Hammer down, cause and effect
And create a new world

As of now, I am a tool
Of severe impact
Hammer down, cause and effect
And create a new world

As of now, I am a tool
Of severe impact
Hammer down, cause and effect
And create a new world
