Understand, understand

That I will keep you safe
From every scar that bleeds
I will keep you free
From all that's hurting me

This I promise, this I promise
This I promise, this I promise
I promise, I promise

One more time
This I swear
Trust in me
My faith is sincere

Love is stronger
When the end is near
Then there will be
Nothing more to fear

I promise, I promise
Trust in these
Love, life, hands
You need me
To help you stand

I can release you
From your pain, dear
Then there will be
Nothing more to fear

I promise this, I promise this
I promise this, I promise
I promise this, I promise this
I promise this, I promise

Love is stronger
When the end is near
I can release you
From your pain, dear

Understand, understand
I promise, I promise
I promise this, I promise
I promise this, I promise, promise
