I cannot see you but I know you're there  
To awaken my heart tonight  
There's a dream I will follow  
A passion I search  
Many montains to climb

I've finally found you  
My kisses surround you  
There's no turnin' back this time

Can you hear me call  
Can you hear me call

I'll tell it to the one I love  
Shout it to the World Above  
Baby don't you understand  
That everything belongs to us

Chorus  
I wanna scream and shout  
Can you hear me  
I wanna make you shine  
I wanna scream out loud  
Please believe me  
I wanna make you mine

x2

I know what you're thinkin'  
So don't say a word  
We'll do everything on the fly  
I'm out on a mission

Got a very strong vision  
Of what's on your mind  
I've finally found you  
My kisses surround you  
There's no turnin' back this time

Can you hear me call  
Can you hear me call

I'll tell it to the one I love  
Shout it to the World Above  
Baby don't you understand  
That everything belongs to us

Chorus
