Hey you, wake up  
Open your swollen eyes  
Erosion invades your mind  
A cancer that grows over time

Hey you, rise up  
Rise to fight, eliminate  
Burn your fuse to detonate  
The human machines of hate

All these years they've tried to break you  
To your knees  
Anger scours right through your veins  
Now it's time to put an end  
To all the lies  
Now it's time to take control  
Of your life

Woh

Wake up, rise up  
Open minds will dominate  
Burn your fuse to detonate  
The human machines of hate

All these years they've tried to break you  
To your knees  
Anger scours right through your veins  
Now it's time to put an end  
To all the lies  
Now it's time to take control  
Of your life  
Life, life, life

Hypocrisy  
You can't believe  
Machines of hate  
A disease that infiltrates

Persist for resistance  
Resist their insolence  
You are a dissident

Burn away conformity

Persist for resistance  
Resist their insolence  
You are a dissident  
Burn away conformity

All these years they've tried to break you  
To your knees  
Anger scours right through your veins  
Now it's time to put an end  
To all the lies  
Now it's time to take control  
Of your life

They have tried to break you  
They have tried to break you  
They have tried to break you  
They have tried to break you
