Caught beneath visions of hatred  
Drowning fast in sounds of silence  
Caught between divisions of hate  
Can't breathe under this weight of existence

Too strong  
Too strong for you  
Too strong  
Too strong for you

Caught beneath visions of hatred  
Drowning fast in sounds of silence  
Caught between divisions of hate  
Can't breathe under this weight of existence

Too strong  
Too strong for you  
Too strong  
Too strong for you

Drowning  
Drowning  
Drowning  
Drowning

Drowning  
Drowning  
Drowning  
Drowning

Caught beneath visions of hatred  
Drowning fast in sounds of silence  
Caught between divisions of hate  
Can't breathe under this weight of existence

Too strong  
Too strong for you  
Too strong  
Too strong for you
