I hear a lot of stories
I suppose they could be true
All about love
And what it can do to you

Highest risk of striking out
The risk of getting hurt
And still
I have so much to learn

Well, I know
'Cause I think about it all the time
I know
That real love has quite a price

And a good heart
These days, is hard to find
(A good heart)
True love, the lasting kind

A good heart
These days, is hard to find
So please be gentle with this heart of mine

My expectations may be high
I blamed it on my youth
Soon enough
I'll learned the painful truth

I'll face it like a fighter
Then boast of how I've grown
Anything is better
Than being alone

Well, I know
'Cause I learn a little every day
I know
'Cause I listen when the experts say

That a good heart
These days, is hard to find
(A good heart)

True love, the lasting kind

A good heart
These days, is hard to find
So please be gentle with this heart of mine

As I look back
On all my childhood dreams
My ideas of love weren't
As foolish as they seemed

If I don't start looking now
I'll be left behind
And a good heart these days
It's hard to find

Well, I know
It's a dream I'm willing to defend
I know
It will all be worth it in the end

And a good heart
These days, is hard to find
(A good heart)
True love, the lasting kind

A good heart
These days, is hard to find
So please be gentle with this heart of mine

And a good heart
These days, is hard to find
(A good heart)
True love, the lasting kind

A good heart
These days, is hard to find
So please be gentle with this heart
With this heart of mine

A good heart, a good heart
A good heart, a good heart
A good heart, a good heart
A good heart
