Repulsive thoughts  
Decaying process of the mind  
You are deceived  
The only way to end pain

Demonic possession  
Dark forces forcing infection  
Your heart hardening  
Death prepares for harvest

Pull the trigger  
The barrels in your throat  
Grey matter escaping  
The blood freely flows

Assumed rejection  
God has never denied you  
Prepare to burn  
Only you have rejected Christ

Open blind eyes  
Hold on to precious life  
Receive his grace  
His love eternal life
