Cold fingers claw away  
My cage oh so cold  
This life they seek to strip away  
Deep dark strangle hold  
Caught in his snare, the fowler  
The flame calls to my flesh  
Temptation sweet like honey  
Dark angels sing to my death

Overcome by darkness Â– falling away  
Spirit broken Â– lifeless cold  
Entangled in sin Â– tightening begin  
To a prison of flesh Â– I'm thrown  
Burning lust, idolatry  
Iniquities speak my name  
Shackles of greed weigh me down  
Corrupt the truth inside  
This world this flesh, destroying  
Virtues fallen in disgrace  
My heart broken  
This life blackened

[Repeat first chorus]

Once I was dead in transgression  
In which I lived  
Following darkness, encaged  
Trapped in death's firm grip  
Now I live so freely  
Ransomed by purist blood  
Set free from these chains  
The reward of Christ's love

Resisting darkness Â– the turning away  
Reach for hope Â– in salvation  
Call on his name Â– throw off the chains  
This prison of flesh Â– I escape
