When you're sitting in the sun
Smoking weed and having fun
Simon's cannabis camp, right here today
Simon's cannabis camp, right here today

Although we don't really do a lot
Just sit around, smoking pot
Simon's cannabis camp, right here today
Simon's cannabis camp, right here today

Simon's cannabis camp
Simon's cannabis camp
Simon's cannabis camp
Simon's cannabis camp

Simon's cannabis camp
Simon's cannabis camp
Simon's cannabis camp
Simon's cannabis camp

Simon says just come on in

If you've got the money
But just watch out if can't pay
Because then it's not too funny

If you'll let me make my point
You can't live without a joint
From Simon's cannabis camp, in the shade
Simon's cannabis camp, sitting in the shade

It won't do us harm, we hope
It's not half as bad as coke
Without Simon's cannabis camp, you'll never cope
Without Simon's cannabis camp, you'll never cope

Simon's cannabis camp
Simon's cannabis camp
Simon's cannabis camp
Simon's cannabis camp
