I'll never give you up
I'll never give you up
I'll never give you up
I'll never give you up

Out of site, into the blue

I'll never give you up
I'll never give you up

Stepping over just to get to you

I'll never give you up
I'll never give you up

Got my head turned towards the light

I'll never give you up
I'll never give you up

Catching rain with open eyes
I try to reach you lately
I try to reach you lately

'Cause I cant take my eyes of you
But I'm hoping you see me
And I cant get my mind of you
Now I'm hoping you reach me

Two steps forward, one step back

I'll never give you up
I'll never give you up

I can't seem to find my tracks

I'll never give you up
I'll never give you up

It's so strange the way we move

I'll never give you up

I'll never give you up

Making shelter just to get to you
I try to reach you lately
I try to reach you lately

'Cause I can't take my eyes of you
But I'm hoping you see me
'Cause I cant take my mind of you
Know I'm hoping you see me

Sometimes I feel
I'm not good enough
Not good enough
So much like a fool

'Cause I can't take my eyes of you
But I'm hoping you see me
And I cant get my mind of you
Now I'm hoping you reach me

'Cause I cant take my eyes of you
But I'm hoping you see meme
And I cant get my mind of you
Know I'm hoping you reach me

I'll never give you up
I'll never give you up
