Too many times I watched you leave
I didn't say anything
Too many lies inside that bleed
And now we're running out of time

Out of line, out of faith
Out of reason, some might say
I guess there's somewhere we can stay all night
So we can turn it all around

Don't say that you know me
Unless you wanna stay around
Don't say that you know me
Show me, shoot me down

Itsumo, it's the only way, stay
Itsumo, don't take our love away
Our moment can't be found

Too many sides that you can't see
I wonder if we ever change
All that divides us is the sea
Riding words, making sense

Out of line, out of faith
Out of reason, some might say
I guess there's somewhere we can stay all night
So we can turn it all around

Don't say that you know me
Unless you wanna stay around
Don't say that you know me
Show me, shoot me down

Itsumo, it's the only way, stay
Itsumo, don't take our love away
Our moment can't be found
Itsumo, it's the only way

Call me out in my defense
Call me out in my defense

Don't say that you know me
Unless you wanna stay around
Don't say that you know me
Show me, shoot me down

Itsumo, it's the only way, stay
Itsumo, don't take our love away
Our moment can't be found
Itsumo, it's the only way

Call me out in my defense
Call me out in my defense
Call me out in my defense
