Waking up 12 in my clothes again
Feel my head explode
From a night of gin
Another night out light

I don't wanna change
Don't wanna be a crack
Gotta get my feet back on the ground
Before it pulls me in

How come it ended up like this
And whose gonna catch me
When I'm coming down
To hit the ground again

All by myself
(Waking up at 12 in my clothes again)
Cause I don't wanna drag you down
Hold you down
Cause you're a friend
I blame myself
(Feel my head explode from a night of gin)
I guess you think it's funny now
Funny now

On the underground
Were the freaks are frowned
Looking at the wall
Through a silver cloud
But they all came down

I gotta rise above the emotional flood
Gotta cut these wounds around my hands
Pull myself around

How come it ended up like this
Who's gonna be there when I've
Lost control
And heading to crashland

All by myself

(Waking up at 12 in my clothes again)
Cause I don't wanna drag you down
Hold you down
Cause you're a friend
I blame myself
(Feel my head explode from a night of gin)
I guess you think it's funny now
Funny now

All by myself
Cause I don't wanna drag you down
Hold you down
Cause you're a friend
I blame myself
I guess you think it's funny now
Funny now
It's such a shame

All by myself
(Waking up at 12 in my clothes again)
Cause I don't wanna drag you down
Hold you down
Cause you're a friend
I blame myself
(Feel my head explode from a night of gin)
I guess you think it's funny now
Funny now
It's such a shame

All by myself
(Waking up at 12 in my clothes again)
Cause I don't wanna drag you down
Hold you down
Cause you're a friend
I blame myself
(Feel my head explode from a night of gin)
I guess you think it's funny now
Funny now
