We all ferment
A face can change but souls stay young
We're all connected
So take a journey with someone
Learn to be as one

Still living, sinking, falling, twisting
But I'm breathing you in
Breathing you in

Oxygen
Oxygen

We all ferment
A taste can change from days so young
You feel rejected Just hold your head up to the sun
Learn to be as one

Still living, sinking, falling
We're still living, drifting
I'm breathing you in
Breathing you in
Still living, sinking, feeding, twisting
I'm living
I'm breathing you in
Breathing you in

Disconnecting

Oxygen
Oxygen
Oxygen

Still living, sinking, falling, twisting
We're still living
I'm breathing you in
Breathing you in
Still living, sinking, falling, drifting
We're living
I'm breathing you in
Breathing you in
Yeah, yeah, yeah

I'm breathing you in
