Staring at paperfaces  
Expressions like empty pages  
Day after day

Waiting for the lights to change now  
Reaching for a cloud to come down  
And cover me

Can't shut you out  
Can't get you out  
Can't take you down  
Can't watch you drown

Waiting for the world to change now  
Dissolution takes a bit out  
And swallows me

Looking for a way to get out  
Wishing that the rush would come down  
And smother me

Can't shut you out  
Can't get you out  
Can't take you down  
Can't watch you drown

If you can learn to be yourself, then that's okay  
If you can find a reason now, don't drift away

Walking down streets to nowhere  
Stepping on feet with no cares  
Losing myself

Can't shut you out  
Can't get you out  
Can't take you down  
Can't watch you drown

Can't shut you out  
Can't get you out  
Can't take you down  
Can't watch you drown

Slide away  
Slide away  
Slide away  
...
