20, 21, 22, 23, 24, 25, 26 still alive  
It's dragging me under, Don't think I'll recover  
A stone in the water, A nail in my shoulder  
Just put it together, You think you're so clever  
Can we make it better, Climb the mountain together  
It's gonna break, gonna crack  
Gonna fall down and smash  
Paralyse, oxidise, feel us drifting apart  
It's gonna break, gonna crack  
Gonna fall down and smash  
Paralyse, oxidise, feel us drifting apart  
(don't take me down and watch me fall)  
Twenty years older, The city gets colder  
Still reaching for cover, We live and we suffer  
Just put it together, If you think you're so clever  
Can you make it better, Pull the pieces together  
It's gonna break, gonna crack  
Gonna fall down and smash  
Paralyse, oxidise, feel us drifting apart  
It's gonna break, gonna crack

Gonna fall down and smash  
Paralyse, oxidise, feel us drifting apart  
40, 41, 42, 43, 44, 45, 46, still alive  
It's dragging me under, Don't think I'll recover  
But we'll make it better, Climb the mountain together  
It's gonna break, gonna crack  
Gonna fall down and smash  
Paralyse, oxidise, feel us drifting apart  
It's gonna break, gonna crack  
Gonna fall down and smash  
Paralyse, oxidise, feel us drifting apart  
It's gonna break, gonna crack  
Gonna fall down and smash  
Paralyse, oxidise, feel us drifting apart  
It's gonna break, gonna crack  
Gonna fall down and smash  
Paralyse, oxidise, feel us drifting apart  
(don't take me down and watch me fall, don't break my  
bones and watch me crawl)  
Paralyse, oxidise, feel us drifting apart  
Paralyse, oxidise, feel us drifting apart
