Show it to me one way
I've gotta see it all
Scientific radar
Reaching through the storm

There's gotta be hope
As people move on and on
There's gotta be hope
We've gotta keep on believing

It's time to give it everything
A world unite, let us in
Hear me, hear me cry
Suffocate, let 'em die
A better life, say goodbye
But hear me, hear me cry

I see everything silver and gold
Way up, I'm reaching out
Clouds white as snow

There's gotta be hope
As people move on
And on and on

It's time to give it everything
A world unite, let us in
Hear me, hear me cry
Suffocate, let 'em die
A better life, say goodbye
But hear me, hear me cry

Hear me cry
Why don't you hear me?
Why don't they hear me?
Suffocate, let 'em die
A better life, say goodbye
But hear me, hear me cry

Give, give enough
I care
