What do you say?  
What do you think about miracles?  
Miracles are something you dream about  
We are looking for a new way out

Slipping away, losing all sense of reality  
Sacrifice, love and democracy  
We burn it all down 'cause all our lives  
We're waiting for something new  
Waiting for someone like you

We are the people  
Who let this whole thing go  
Just like the people you know  
We are the reason  
We're blinded by the goal  
We are the people, you know

Burning away, light in the sky  
So you can bring us home  
Further, further down an open road  
We've torn it all down

Why do we pray?  
Why do we talk about angels?  
Flying with their golden wings  
We've burned it all down

'Cause all our lives  
We're waiting for something new  
Waiting for someone like you

We are the people  
Who let this whole thing go  
Just like the people you know  
We are the reason  
We're blinded by the goal  
We are the people you know

Step it up, step it up, step it up again  
Step it up, step it up, step it up again  
Step it up, step it up, step it up again

Step it up, step it up, step it up again

We can be silenced, we can be brave  
(Step it up, step it up, step it up again)  
We can be broken, all can be saved  
(Step it up, step it up, step it up again)

It's the rest of our lives  
It's the rest of our lives  
(Step it up, step it up)  
It's the rest of our lives

One, we are one, we are one  
We are family  
One, we are one, we are one  
We are family
