We can't keep pissing in the wind
Bleaching holes in perfect skin to make us new
Hold a match until it burns
You got ourselves against the wall, nowhere to go

Try to be my best to you
'Cause I recalled I never lied to you it's true
Wrapped around you like an eel
You reel me in don't throw me back into the pool

'Cause we're floating by
While the old world slides
You just make it shine
We'll leave it all behind

Lifting off just for a while
Driving off the edge and sailing to the moon
Leave behind your self denial
Taste a piece of life and suck it in for good

'Cause we're floating by
While the old world slides
You just make it shine
Leave it all behind, see tomorrow shine

Take a walk into a sea
Take a walk into the sea
It's full of golden things you need
Or we can fly

Take a walk into a sea
Diving under waves of green
Climbing back into a dream
'Cause we can fly there

'Cause we're floating by
While the old world slides
You just make it shine
Leave it all behind

'Cause we're floating by
While the old world slides

You just make it shine
Leave it all behind
