Exotic scenery from far away lands
With outstanding bargains on designer brands
A honeymoon in summer our romance is in bloom
We'll be together in our own private room
We're on a bus tour to the outlet mall...
We'll be happy somewhere down the road
On a bus tour -- to the outlet mall
Two months of his salary he spent on my ring
It makes me so happy I just want to sing
We'll be contented both night and day
Put it on credit -- some day we'll pay
We're on a bus tour to the outlet mall...
We'll be happy somewhere down the road
On a bus tour -- to the outlet mall
We'll listen to our Walkman on the bus
The driver is so cheerful, he even talks to us
We're self sufficient, we've brought lunch in a sack
Drink all you want to, the restroom's in the back
Recline our seats a bit and drift off to sleep
When we awake, we're gonna get stuff really cheap
We're on a bus tour to the outlet mall...

We'll be happy somewhere down the road

On a bus tour -- to the outlet mall

We'll send a bunch of postcards to our friends

Pictures of Niagara Falls we found in bargain bins

We're on a bus tour to the outlet mall...

We'll be happy somewhere down the road

On a bus tour -- to the outlet mall
