Go quit your job Joe and do what you do
Go be a writer Joe and work those issues
Go break some hearts Joe they'll forget you
Just do what you do

Go write that great song
Strong song
The I did nothing wrong song
The blame song
The same song
The here's why you where wrong song
The new song
The old song
The this all sounds the same song
Are you happy
Are you happy

Hit the road Joe and do what you do
It's been a while Joe and they all miss you
They want those songs Joe fill out those shoes
Just do what you do

Go write that great song
Strong song
The I did nothing wrong song
The blame song
The same song
The here's why you where wrong song
The new song
The old song
The this all sounds the same song
Are you happy
Are you happy

Go write that great song
Strong song
The I did nothing wrong song
The blame song
The same song
The here's why you where wrong song
The new song

The old song
The this all sounds the same song
Are you happy
Are you happy
