Well i'm still waiting for the right time
to drown my fears of you
You can't see things my way
and you won't hear me out
Say that I'm the only one
Out of sight in the streets that you adore

Say goodnight
I'm out of your mind
Close your eyes
If I can't have you then no one can

And it feels like your heart only wants me
When I'm alone with you
Bury the past along with..

I'm still waiting for compassion to be risen from the
dead
Well I can't seem to wash this blood from off these
hands

Say goodbye
I'm out of my mind
Close your eyes
If you can't help me then no one can

And it feels like your heart only wants me
When I'm alone with you
Bury the past along with..

Alone with you
(Sleep tonight, close your eyes)

You took the best of me and left
I should have never let you
dying to see this 'til the end

You shut me out
Now open up
All we needed then was love

..Feels like your heart only wants me

When I'm alone with you
Feels like your heart only wants me
When I'm alone with you
Feels like your heart only wants me
When I'm alone with you
