You keep asking us for more
But we're not in competition
For you love
And there's time to figure out
What the world can do without
But I can't live without it

No one wants to be the first to fall
And I'd be getting somewhere
If I could care
Cut in line and take your place

Whenever you choke
You're just another one to save
And it goes up in smoke
The glory you so crave

No one wants to be the first to fall
And I'd be getting somewhere
If I could get my head around
If I could care
