This place is a bloodbath
And we won't be taken alive
We stand alone
Under fictitious skies

You were always my enemy and carefully crafted my
demise
You were always my enemy and carefully crafted my
demise
Our hearts beat strong under fictitious skies
You were always my enemy, you suck the life out of me
Your words are deadly weapons
Killing me, destroying me
Your words are deadly weapons
Scatter my brains across the wall

You were my compass
Leading me to nowhere fast
Promises were lonely roads
I followed you down like a map

You were always my enemy and carefully crafted my
demise
You were always my enemy and carefully crafted my
demise
Our hearts beat strong under fictitious skies
You were always my enemy, you suck the life out of me
Your words are deadly weapons
Killing me, destroying me
Your words are deadly weapons
Scatter my brains across the wall

Fuck you
Secrets don't make friends
Secrets don't make friends
Secrets don't make friends
Secrets don't make...

Your words are deadly weapons
Killing me, destroying me
Your words are deadly weapons
Killing me, destroying me

Your words are deadly weapons,
Scatter my brains across the wall.
Your words are deadly weapons,
Killing me, destroying me.
Your words are deadly weapons,
Scatter my brains across the wall.

[repeating:] Secrets don't make friends
