How does it feel to be ashamed
Of who you love, oh, I know
You wore me out so proudly
Hidden in the glitter is the real thing, real

Always knew
What you were
Always knew

You walk on water
You sing that lovely tune
You walk on water
You sing that lovely tune
You walk on water
You sing that lovely tune
You walk on water
You sing, sing

Always knew
What you were
Always knew

The crows are coming for us
Let them live, let them live
The crows are coming for us
Let them live, let them live
The crows are coming for us
Let them live, let them live
The crows are coming for us
Let them live, let them live
The crows are coming for us
Let them live, let them live

The crows are hungry for us
Let them live, let them live
The crows are hungry for us
Let them live, let them live
The crows are hungry for us
Let them live, let them live
The crows are hungry for us
Let them live, let them live
The crows are hungry for us

Let them live, let them live

Always knew
What you were
Always knew
What you were
(The crows are coming for us)
Always knew
(The crows are hungry for us)
What you were
(The crows are coming for us)
