Now!

Rise, rise, rise to fall

I never cared, never cared to try until now

To find home

The distance grows as the ground approaches

Faith, at least in the form of gravity

keeps me low at the ladder

Time to crawl to the salty heel that pins my life

Rise, rise, rise to fall

I never cared, never cared to try until now

To find home

The distance grows as the ground approaches

Now!

Rise, rise, rise to fall

I never cared, never cared to try until now

To find home

The distance grows as the ground approaches

Climb, climb, climb to fall

Climb, climb, climb to fall
