It's days like these, that make me feel
like I want to bleed through my heart again
It's days like these, that make me feel
like I might as well be on my own again

I take back everything I said about loving you
Now that you've left me on the ground
I can fly away to someone new
Don't pretend like I don't know you're untrue

I never meant to bring you down
nothing but good intentions
I never meant to bring you down

It's days like these, that make me feel
Like I want to bleed through my heart again
It's days like these, that make me feel
Like I might as well be on my own again

I take back everything I said about loving you
Now that you've left me on the ground
I can fly away to someone new
Don't pretend like I don't know you're untrue

I never meant to bring you down
Nothing but good intentions
I never meant to bring you down

Take it back (Take it back)
This time (This time)
I'll just move on
I'll just move on

Take it back (Take it back)
This time (This time)
I'll just move on
I'll just move on

Take my heart (Take my heart)
Make it gray (Make it gray)
I'll never forget
I'll never forget

Take my heart (Take my heart)
Make it gray (Make it gray)
I'll never forget
I'll never forget

Take my heart (Take my heart)
Make it gray (Make it gray)
I'll never forget
I'll never forget
