Touch me
It's such a beautiful reaction
Shining like the sun
I want more
And I'm craving satisfaction
But it never comes

You say it's love
But it feels like a drug
And I want you so much
But it only makes me hate you
You pick me up just to throw me down
Yeah you're my habit now
And I just have to break you

[Chorus:]

Hey hey you you yeah yeah
Get off of my back
Hey hey you you yeah yeah
Get off of my back
I feel you stepping on my wings
And I would anything
To get you off
To get you off of my back

A warm rush jammin up like a freeway
When I'm next to you
Sweet stuff
And it's running through each vein
When I'm next to you

It sounds dumb

But it leaves me numb
Till I don't know what I want
But I'm needing your protection
You're so hot
And you love me a lot
But what we've got
Feels more like an addiction

[Chorus:]

[Bridge:]

I've been living lately
Like I'm dying all the time
Might do something crazy
Like jumping off the Hollywood sign
Cause boy you make me
Feel like I can fly

You say it's love
But it feels like a drug
And I want you so much
But it only makes me hate you

[Chorus:]

Hey hey you you yeah yeah
Get off of my back
Hey hey you you yeah yeha
Get off of my back
I caught you tearing up my wings
And I would anything
