He wants her, she wants him too
Broken message coming through
Same story for different fools

Give it up, give it up, that's what they all say, say
Pressure from the boys to give it away
Suck it up, suck it up, don't treat me that way, way
My heart is gonna tell me when it's time to play

Give it up, give it up, that's what they all say, say
Pressure from the boys to give it away
Suck it up, suck it up, don't treat me that way, way
My heart is gonna tell me when it's time to play, okay?

Give it up, give it up, give it up
It's time to play
Give it up, give it up, give it up
It's time to play

She sees him, he stares right through
Nasty rumors, so untrue
There's nothing that she can do

Give it up, give it up, that's what they all say, say
Pressure from the boys to give it away
Suck it up, suck it up, don't treat me that way, way
My heart is gonna tell me when it's time to play

Give it up, give it up, that's what they all say, say
Pressure from the boys to give it away
Suck it up, suck it up, don't treat me that way, way
My heart is gonna tell me when it's time to play, okay?

Give it up, give it up, give it up
It's time to play
Give it up, give it up, give it up
It's time to play

And you don't even know how to love
You think you came from up above
You better know that I'm watching you
Every move, watcha do, where you go, on to you

And you want her
And you need her
And you beg her
But you deceive her and

He wants her, she wants him too
Broken message coming through
Same story for different fools

Give it up, give it up, that's what they all say, say
Pressure from the boys to give it away
Suck it up, suck it up, don't treat me that way, way
My heart is gonna tell me when it's time to play

Give it up, give it up, that's what they all say, say
Pressure from the boys to give it away
Suck it up, suck it up, don't treat me that way, way
My heart is gonna tell me when it's time to play, okay?

Give it up, give it up, give it up
It's time to play
Give it up, give it up, give it up
It's time to play

Give it up, give it up, give it up
It's time to play
Give it up, give it up, give it up
It's time to play

Give it up
Give it up
Give it up
