Turn my head, there you were
I went red
Oh, I knew for sure
There was something 'bout you, baby
That I never ever felt before

Can I touch or just look?
Feels like love
Oh, I wish I could
Could I keep you to myself,
And never, ever have to look no more?

I got joy, joy, joy burning through my heart
I got joy, joy, joy, don't tear us apart
I got joy in my bedroom when it's just you and I
I got joy when you're satisfied
Flip over and cry

I got joy, joy, joy running way down low
I got joy, joy, joy, xoxo
I got joy burstin' out of me, explode with a bang
I got joy for your anatomy,
Please don't take it away

Make it last, take it slow
Take your time, Yeah, I know, I know
That we can do it better than
Whoever said that dreams don't come true
'Cause they do

Don't get down, keep it up
You're allowed to be so in love
'Cause I'm liking what I'm seeing
And I'm seeing what I'm liking in you

I got joy, joy, joy burning through my heart
I got joy, joy, joy, don't tear us apart
I got joy in my bedroom when it's just you and I
I got joy when you're satisfied
Flip over and cry

I got joy, joy, joy running way down low

I got joy, joy, joy, xoxo
I got joy burstin' out of me, explode with a bang
I got joy for your anatomy,
Please don't take it away

Oh yeah, you know how I wanna play
So stay, oh yeah, you know how to love me away

With your joy, joy, joy joy, joy
With your joy, joy, joy joy, joy
Away, Oh baby, please don't take it away

I got joy, joy, joy burning through my heart
I got joy, joy, joy, don't tear us apart
I got joy in my bedroom when it's just you and I
I got joy when you're satisfied
Flip over and cry

I got joy, joy, joy running way down low
I got joy, joy, joy, xoxo
I got joy burstin' out of me, explode with a bang
I got joy for your anatomy,
Please don't take it away

(Please don't take it away)
