C'mon now  
Rock it till you drop it  
Rock it till you drop it  
You know what I'm sayin'

When you're walkin' walkin', your body's talkin' to me  
But your mouth ain't makin' a sound  
When I'm stalkin' stalkin', I can feel my body rockin'  
With all these feelings I've found  
It's in the way that he moves  
It's in the way that he likes the things I do  
It's in the way that he grooves  
You know I love it when he takes me dancing

I never waited for that special one  
I thought I'd settle for a setting sun  
Tonight's the night we get this party on  
And on, and on, and on and on and on

C'mon now  
Rock it till you drop it, hey

And I'm takin' takin', as you hit that tricky rhythm  
You take me out on the floor  
I've been itchin' itchin', for the jive that you've been  
drippin'  
And you got me wantin' more  
It's in the way that he moves  
It's in the way that he likes the things I do  
It's in the way that he grooves  
You know I love it when he takes me dancing

I never waited for that special one  
I thought I'd settle for a setting sun  
Tonight's the night we get this party on  
And on, and on, and on and on and on

C'mon now  
Rock it till you drop it  
You know what I'm sayin'

We'll be rockin it, all night long

We'll be droppin' it, till the break of dawn  
There's no stoppin' it, once the freak is on  
Is on, and on, and on and on

We'll be rockin it, all night long  
We'll be droppin' it, till the break of dawn  
There's no stoppin' it, once the freak is on  
Is on, and on, and on and on

Hey

I never waited for that special one  
I thought I'd settle for a setting sun  
Tonight's the night we get this party on  
And on, and on, and on and on and on

I never waited for that special one  
I thought I'd settle for a setting sun  
Tonight's the night we get this party on  
And on, and on, and on and on and on

(Special one)  
I never waited for that special one  
(Setting sun)  
I thought I'd settle for a setting sun  
Tonight's the night we get this party on  
And on, yeah yeah yeah yeah

(Special one)  
I never waited for that special one  
(Setting sun)  
I thought I'd settle for a setting sun
