In my dream
I break the chains that hold this place together
But in my dream
The consequences would be so much better
Than they are
And beyond the walls that hold us here
The skies that stretch across the atmosphere
Ooh
And revolution is near

Nanananananananana....

In my room
I hear the echos of a recent battle
Lost and wounded as the faded cries begin to settle
For the night
But the words you use to hurt me now
Only seem to make me strong somehow
Ooh
And revolution is now

Nanananananananana....

And the days will get warmer
And i'll lay down my armor
Yeah
Together we can fight this feeling!
And the demons that stalk us
Will eventually turn to dust
Yeah
And together we can start this healing

Ohh Yeah...

Nanananananananana....

Together we can start this healing

Together we can fight this feeling!
A revolution is near...
