You're dead!

Voice in my head you're really getting kind of old
And now I know that you're not even real
I realize why I was really coming home
And I apologize for leaving you back then
And now I'm here to break the ice again

(Chorus)

Find the right time, just before you die
When you're on your way down's the time to shine
Take your whole damn life, just to break the ice
And now your chance has gone...

Your, chance has gone
It's gone, now he's gone
He's dead, and you'll never see
His face again, accept the truth!

I cannot help you sir so
Please leave me alone

I traveled far and wide to find him once again
And I wont leave now
You'd make this easier if you stop telling all these lies
A wasted life has brought me here and now it's time
to...

Make the final sacrifice,
You've opened up your fathers eyes
Wasted time a wasted life
Listen to me now it's time to

Make the final sacrifice,
You've opened up your fathers eyes
Wasted time a wasted life
Listen to me now it's time to

Make the final sacrifice,
You've opened up your fathers eyes
Wasted time a wasted life
Listen to me now!

(Chorus)

Find the right time, just before you die

When you're on your way down's the time to shine

Take your whole damn life, just to break the ice

And now your chance has gone...
