Under my skin I'm all wet
Under my skin I'm all bloody
Under my skin my heart lies broken
My mind is actin' funny

Under my skin there's a bad day
Under my skin there's a rattlesnake
Under my skin where the infection sleeps
I bend then I break, under my skin

Under my skin it's a sticky mess
Under my skin I'm turning to stone
Under my skin there's a thousand demons
And I'm well always unknown

Under my skin the bones howl
Under my skin the nightmare's explode
Under my skin I can't stop crying
It's a long black road

Under my skin the itch is unscratched
Under my skin I've met my match
Under my skin my dreams die unhatched
'Cause there's always a catch

And under my skin I never surrender

Under my skin the past's in debate
Under my skin love's a curse that you lend her
And every night I make love to my hate
Under my skin, under my skin
Under my skin, under my skin

Under my skin there's never a tomorrow
Under my skin I'm lost in the dark
Under my skin I'm a master of sorrow
And every night I swim with the sharks

Under my skin I'm ready to run
Well under my skin there's nowhere to hide
Under my skin the world is a stranger
And I've all already died

Under my skin, under my skin
Under my skin, I'll never let you in
I'll never let you in
Under my skin, under my skin
Ohh no no, I'll never let, never never
Under my skin, under my skin, ahh
I'll never let you in
