Turn around

Look at me

Is there a trace

Where you could be

Arm yourself

With all your fears

I'll gave you consolation

By staying near

I'll set you free

Tonight

I'll let you be

Save at least this night

I'll set you free

Tonight

I hope this dream

Is never ending

Open your eyes

What can you see

I won't go away

Won't disappear

Reach your dreams

Make them real

Give me a smile

Through your tears
