

Feiled "No More"

Visit "[No More](#)" on MotoLyrics.com

How does it feel to be all alone tonight
How does it feel when I am not by your side
You didn't really care how you made me feel
You didn't really care how you hurt me

And you say you care about my life
But everything I do's not right
You left me so broken and empty

So many times I tried to tell you
But never had the moment
So many times I tried to feel you
But there's nothing to hold on
No more

How does it feel to be among the loosing ones
With your homemade god and his only son

And you say you care about my life
But everything you feed is lies
You left me so broken and empty

Pray the one
Who left you down and paralyzed
Your deception is loves suicide
