Here I am, hopeful again  
I can't say when  
I wasn't this way

Don't need to worry about me  
That's what I say  
It's not what I mean  
That's what I say  
It's not what I mean

Here I am, swinging alone  
A time frame surrounds the pictures I hold  
But they don't hold up well  
Started to wonder if I fell in love with you at all  
If I fell in love with you at all

And when will a time come  
I could hear a sad love song that doesn't speak to me  
And when will a time come  
I could sing a nice love song using thou and me

Here I am, walking away  
My head's held high  
What's the use gettin' down?  
Because all that I wanted is here  
I just kept the ground close to my ears  
I just kept the ground close to my ears

And when will a time come?  
When will it come? Ooh
