Jane :

The little thoughts came rushing in  
While I watched for a sign from him  
When all the while was clear as day  
That I should go and he should stay

Feist :

I look his love like it was mine  
I squeezed the truth until it lied  
It took some time for cracks to show  
Should I stay or should he go?

Jane :

The simple story that you told me  
Is a little different from what you showed me  
The simple story, unfurling slowly  
Is if you lay down with a dream  
You'll wake up lonely

Feist :

The fog will cast a certain shade  
So what you see is how what's made  
it's mark will show you what to do  
When hope pretends it's made you new  
Love lied love lied but I'm the reason  
Love lied

Jane :

The simple story that you told me  
Is a little different from what you showed me

Feist :

The sky wraps round the mountaintops

Jane :

The watch unwinds until it stops  
Some things will always be the way they are

Feist :

And that is how they'll stay

Jane :

The simple story that you told me  
Is a little different from what you showed me  
The simple story, unfurling slowly  
Is if you lay down with a dream  
You'll wake up lonely
