You, you are that someone for me
You, you are that someone for me & I had always
believed that you will forever be right here with me

****Verse 1****

You made me feel like I was #1 in your life so I gave
you everything I could
My life, my opportunity & that day you were unhappy I
did more than a woman should
But now it seems that it was all just a waste of time
cause, cause you just up and walked away with not
even a reason why, now I all I do is sit and cry
But there's got to be a brighter day dayyyy

****Chorus****

You, you are that someone for me
Someone and I had always believed that you will
forever be right here with me
But see I guess I was wrong because now your gone
and the pain is so strong cause now I'm alone

****Verse 2****

I feel like I wanna die boy why did you have to lie cause
ya know I believed every word you said
I guess I was a fool to be so in love with you cause
everybody said you were no good
Every since the day that you were gone all I do is sing
the same song of how I wish that you'll come back (My
daddy said)
But my daddy said it'll be okay babygirl the rain will
pass away
Then there will be brighter dayss

****Chorus****

You, you are that someone for me
And I had always believed that you will forever be right
here with me
But see I guess I was wrong because now your gone
and the pain is so strong
Cause now I'm alone

****end****

The stormy days will baby soon pass away and
loneliness I feel will be just a dream
I said to myself girl hold your head, there's gonna be
brighter days ahead
All of the pain that I've gone thru it wasn't worth the
tears I cried for you
